

Sterling Public Schools COVID Regulations and Recommendations

8-9-21

Current Oklahoma Law requires any positive case to be isolated for 10 days, or longer if new symptoms occur.

For quarantine after close contact we would recommend 10 days. With a negative test on day 5, 6, or 7 they could get out after 7 days.

Anyone who can show they have been vaccinated will not be asked to quarantine.

Federal Law requires masks on buses.
